

*track it,
watch
it... 24/7*

- Track vehicles in real time with video
- Watch loading & unloading of cargo
- Monitor driver and passenger activity
- Reduce fuel & goods theft
- Record road incidents

Live Video Tracking of Your Vehicles

Inkwazi Video Tracking allows you to track and view your vehicles in REAL TIME via live video streaming from up to 4 cameras on your truck, car or bus!

Using the Internet, GPS, and Mobile CCTV technology, you can now view your vehicles, drivers and cargo from your office, wherever they are in the country. Our cloud-based Control Room software allows you track your fleet, identifying speed, location, fuel-level and more.

A new era in vehicle tracking, providing you with the full picture.
